

Certificate

968/CSA 1002.00/22

Product tested Industrial Firewall **Certificate holder** Hirschmann Automation and Control GmbH
Stuttgarter Straße 45-51
72654 Neckartenzlingen
Germany

Type designation Firewall EAGLE4007 V04.1.xx
For assessed versions see the currently valid Revision List

Codes and standards IEC 62443-4-1:2018 (Edition 1.0) ISASecure® Component Security Assurance 1.0.0:2019
IEC 62443-4-2:2019 (Edition 1.0)

Scope and result ISASecure® Component Security Assurance (CSA) (incorporating CSA 102, Errata v1.10)
The component complies with the requirements of ISASecure® CSA 1.0.0 - Capability Security Level 1 for network devices.

Specific requirements The instructions of the associated User Manuals released by manufacturer must be considered.
To be informed about the latest product-related security notification the website <https://www.belden.com/security> of product manufacturer shall be visited periodically.

This certificate remains valid under the condition that the Firewall EAGLE4007 with HiSecOS V04.1.xx remains under the security management practices certified by ISASecure® Security Development Lifecycle Assurance certificate SDLA 120 issued to Hirschmann Automation & Control GmbH.

The issue of this certificate is based upon an examination, whose results are documented in Report No. 968/FSP 2421.00/22 dated 2022-09-15.
This certificate is valid only for products which are identical with the product tested.
