The information/details in this datasheet merely contain general descriptions or performance factors which, when applied in an actual situation, do not always correspond with the described form, and may be amended by way of the further development of products. The desired performance factors shall only be binding if these are expressly agreed on conclusion of the contract.

Product description

Description	gasket
Type	GDM 3-24
Order No	735-823-002

Materials

Gasket(s)	EPDB, brown hardness: 65±5 IRHD
-----------	------------------------------------

Resistances

Gasket	Oil HM22 acc. to EN ISO 6743-4
--------	--------------------------------

Environmental conditions

Temperature range	-40°C to +140°C Temp. Range of cable socket to notice separate.
-------------------	--

The profile seal is used to achieve the degree of protection IP65 acc. to EN 60529 between the cable sockets the GM series ... and GDME ... and all device connectors to DIN EN 175301-803, form A
The reach of protection IP65 can only for the combination between Hirschmann Cable Sockets and Hirschmann appliance connectors can be guaranteed.
