Startup guide Terminal cable 942 309-001

Figure 1: Terminal cable: M12, "A"-coded (male) <-> USB-A

Driver installation under Windows Vista / Windows 7 / Windows 10 with Internet connection:

☐ Connect the USB connector of the cable with a USB interface of your computer. Windows finds and installs the suitable driver automatically.

Note: You mount a Bulk device by connecting the cable. You find further information regarding the installation in the Readme file of the Bulk device driver.

■ CE marking

The labeled devices comply with the regulations contained in the following European directive(s):

2011/65/EU and 2015/863/EU (RoHS)
Directive of the European Parliament and of the Council on the restriction of the use of certain hazardous substances in electrical and electronic equipment.

In accordance with the above-named EU directive(s), the EU declaration of conformity will be available to the relevant authorities at the following address:

Hirschmann Automation and Control GmbH
Stuttgarter Str. 45-51
72654 Neckartenzlingen
Germany
